Dear Rick,

We at CIRE Foundation would like to thank you for your participation in the production of the documentary, "OUT in the Cold". This important project is designed to raise awareness about the issue of homeless gay youth in America.

At this time the feature length documentary is completed and had a premier showing in Los Angeles on October 26th, 2001. The reaction from the audience and the press has been very positive and powerful.

Enclosed is a copy of the Los Angeles Times article and a promotional One Sheet, which will be used at upcoming events. Also, a Denver premier is being planned for February (an exact date is not yet known), and we will keep you informed as those plans evolve.

At this time individual distribution of the documentary is not planned, however, we will be sending out a VHS copy to all those who have been involved with this project as soon as those are available.

Again, thank you for your invaluable contribution and look forward to talking with you soon. If you have any questions or comments, please don't hesitate to contact me.

A handwritten signature in black ink, appearing to read "Eric Criswell", with a long, sweeping horizontal line extending to the right.
