

Orange County Continuum of Care
Homeless Management Information System Client Consent Form

Welcome to the Orange County Continuum of Care (CoC).

You are currently accessing services from a service provider/organization participating in the Orange County Homeless Management Information System (HMIS). HMIS is the secure database used to collect and store information about clients served through this service provider/organization. It also allows the sharing of information among HMIS participating service providers/organizations to streamline access to services and help them understand a client's history of homelessness or housing instability. HMIS is managed and operated by Orange County United Way's 2-1-1 Orange County (211OC).

In Orange County, service providers/organizations that participate in HMIS share data with each other to coordinate care and improve program outcomes. If you sign this consent form, you agree to allow information gathered by a participating service provider/organization to be shared in HMIS with other service providers/organizations that have access to HMIS. This allows other participating service providers/organizations to view and use your data to provide services to you. Additionally, the service provider/organization will also be able to see what kind of services you have received in the past in Orange County. Signing this consent form also means that your data may be included in data requests approved by the CoC Board for academic research purposes, analysis of the homeless system of care, or other purposes as deemed appropriate by the Board.

A complete list of all service providers/organizations that participate in the HMIS is maintained at <http://ochmis.org/about-hmis/contributing-agencies/>. You can also ask the service provider/organization you are receiving services from for a list of HMIS participating service providers/organizations. Please note that the list of service providers/organizations with access to HMIS can change frequently and without notice, and therefore the website should be consulted for the most recent list.

HMIS contains sensitive health and personal data. The Orange County CoC and HMIS participating service providers/organizations take your privacy very seriously and have implemented **the following protections to safeguard your data:**

- In order to participate in the HMIS, leaders at each agency must sign an Agency Agreement that includes a commitment to protecting client data and maintaining confidentiality.
