Avni & Isha — making a difference, one birthday at a time

ABOUT THE CAMPAIGN

In lieu of presents, they're giving back

In lieu of presents for their birthdays this year, Isha and Avni would like to raise money to support Colorado youth facing homelessness. They hope you will help them in their cause!

Isha and Avni have noticed an increasing number of unhoused people in Denver, including children. They asked many questions — do they have a place to sleep? Can they get to school? They want to help by supporting StandUp for Kids Denver, an organization focused on ending the cycle of youth homelessness through street outreach and mentoring.

Every dollar stays in Denver
